

SDDC-PP Advisory 16-0008

Date: 14 December 2015

From: AMSSD-PP Scott AFB, IL 62225

To: All Military Service Headquarters Representatives, Non-Temporary Storage Providers, Worldwide Personal Property Shipping Offices (PPSOs) and Personal Property Processing Offices (PPPOs)

Subject: Non-Temporary Storage (NTS) of Food and Liquid Items

1. This advisory serves as an NTS reminder.
2. In accordance with DTR Part IV, Attachments K1/K2, Service members and DoD employees are advised to dispose of foods that could spill or spoil while in transit or storage. Food and liquid items create an unacceptable risk to personal property. To prevent the infestation by rodents and/or insects, this prohibition is inclusive of canned food, dried food, hermetically sealed food, spices, consumable liquids and any other applicable food items. In addition, liquid goods are prohibited due to the lack of storage facility environmental requirements (climate control). These goods are highly susceptible to freezing, breakage or leakage, which may result in damage to other personal property shipments in long-term storage.
3. Please ensure that customers are counseled/advised that food and liquid items are prohibited in NTS.
4. If there any questions, please contact the Storage Management Office at [usarmy.scott.sddc.mbx.pp-smo@mail.mil](mailto:usarmy.scott.sddc.mbx.pp-smo@mail.mil).
5. This message was approved for release by Mr. Craig McKinley, Chief, Storage Division, and HQ SDDC.
